Dear Parents/Guardians:

Please be reminded that students in the Dickson County School System shall have an approved record of attendance. An approved record of attendance is considered to be ninety percent (90%) in **each** class. Please refer to the Dickson County High School student handbook for additional information. Any day missed after **nine (9) for one credit classes or four (4) in ½ credit classes** must be made up after school in **Time for Time**. Each day requires 1 ½ hrs. per class. Principals may waive the make-up requirement for students who have a passing grade for the grading period **and** are able to **pass the final exam** over the content of classes where the students' attendance is less than ninety percent. **It is the student's responsibility to attend Time for Time.**
